Know all men by these presents
that I (Almira K Hanscom) know that Spiritual marriage, as it was called, was taught by Joseph and Hyrum Smith, when in Navoo before they were killed that this Spiritual marrage allowed men to have more than one wife at the same time. I also know, that Emelin and Hannah Page came to me and said this was a hard trial, that they (girls) also tried to convince me I also heard at this time that Joseph Smith (the Prophet) as he was called, and his wife Emma quarled about this principle
