

HEBER J. GRANTX LETTERBOOK-JOURNAL B, p. 461 (Oct 6, 1890): "The meeting this morning is one of the most important that has ever happened in the Church

and there were many wet eyes in the congregation when the vote was called to sustain the action of Prest. Woodruff in his issuing the Manifesto. There were some of the people that did not vote. There were not many as I noticed that the vote was as large if not larger than that which had been given to the Authorities when they were sustained."
