BIOGRAPHY OF
SAMUEL BATEMAN
by
James A. Oliver

15005

This is a copy of the original diaries of Samuel Bateeman for the years 1886-1909. The originals consist of three volumes which may be described as follows:

Nos. 1-2. 21x14 cm. in size with reddish brown pressboard covers. The note paper within is ruled, and the entire space is closely occupied with writing.

No. 3. 30x18 cm. in size with brown pressboard covers on which was printed a square containing blanks for the name of the writer and the dates.

The writing in all three is in indelible pencil, and much of it is difficult to read because of fading and blurring. This, together with many indistinguishably made letters due to dull pencil, close writing, and misspelled names, etc., made the copy work slow and in some cases incorrect. To eliminate these difficulties this copy, at the instance of Mrs. Christen Jensen, was edited to facilitate reading.

The originals, which were the property of Mrs. Jensen, were given to the B.Y.U. Library for safekeeping and are now in the manuscript files.

I started for the city at 20 minutes past 8 o’clock. It was a hard task for me to part with Bro Rouche and family for we had been there 8 months and 4 days and had been treated very kindly. Some of us shed tears for to me it was almost like leaving my own home. I called to see Bro Taylor, one of our guards. I thanked him and the other brethren who had been on guard for their kindness in being so diligent in guarding the servants of the Lord, and I had made arrangements with Bro Rouche to pay them for their services, and I told Bro Taylor to dismiss the guards under his charge at 1 o’clock a.m., as all would be out of the way by that hour. I also called at Farmington to see my old friend, Thomas Abbott who had charge of our special guard at that place. We were very glad to see each other. I told him also to dismiss the guards that were under his care at 1 o’clock a.m., and that Bro Rouche would settle with him for their services. He expressed the same feeling as did Bro Taylor. I thanked him very kindly for their kindness to the servants of the Lord, and then went on to the city. Went to the tithing office, then to the President’s office to see President Cannon, then went to sister Burt’s, and then went to bed at one o’clock.

Just before I got to Bro Bringhurst's son's house along the north Jordan canal, the water from the South Jordan canal had been running across the road and spilling along the road. I drove along in the mud for a little way and my horse dropped into a hole nearly up to his belly and broke the breast strap, and the other horse jumped ahead. That let the tongue drop, and the ground, being soft, stuck in the ground and the horses lunged ahead and broke about 3 feet of the end of the tongue off. It stuck in the ground again and rammed the front wheels of the ground so high that the piece of the tongue that was to the buggy went under the buggy, and that brought the horses heels against the front wheels, and the old horse began to kick. I stuck to them and got them stopped. I had not yet been thrown out of the buggy. I got out and got the tongue unplugged and tried to get the piece of the tongue out in front of the buggy, but could not, so I took a halter strap off one of the horses and fastened it to the buggy, and put the strap over my shoulder and pulled the buggy and drove the horses about a quarter of a mile to Bro Bringhurst's house. Took his up and he took his horses and wagon and took me and the buggy to the city, arriving at the streetcar stables a little before 6 o'clock a.m. I gave Bro Bringhurst $3.00 and shall ever feel thankful to him for his kindness to me in the hour of trouble, and realize there was an unseen power around me that kept me from being killed or seriously hurt, for this I thank my Heavenly Father. I went over to O.P.'s, laid down about 3 hours, and then

Yet up. O.P., Junior came to see me. I got him to get the buggy fixed.

Reading some. At night I got the team and went to the office. I was expecting to go to Bro Tolley's and take President Woodruff, but he was sick.

Sister Woodruff was at the office. She was going with us. We, being sick, we went down to the farm.

Saturday the 8. At the Woodruff farm. I helped Owen Woodruff unload a load of straw and 4 loads of chaff, and I wheeled in a wheelbarrow out of the squash patch into the barn, over 300 squash. At night I got the team and went up to the tithe yard and President's office, then went to see Bro Nettall. He was some better. Then got the team and took Bro Gibbs home, then went to the City Hall and waited there till I could hear whether the Supreme Court of Utah Territory was going to appoint a receiver. A. J. Burt came in and told me that the Court had decided to appoint a receiver. Mayor Armstrong, Marshal Solomon, Bishop Winder came in. They had been down to the Court House and Bishop Winder told me the court had decided to appoint a receiver. I then went to the Woodruff farm and reported to President Woodruff what I had been told. He was very anxious to know.

Sunday the 6. At the Woodruff farm. After breakfast, I read to President Woodruff out of the Salt Lake Daily Sunday Morning Herald the decision of the Supreme Court of Utah Territory in regards to appointing a receiver, to take charge of the property of the Church of Jesus Christ of Latter Day Saints. I fixed and greased the buggy. D.R. and wife and children called also a son and daughter of the late Bro Bount, grandchildren of President Woodruff. At night I put 9 squash in the buggy and went home. Found the folks all well and most of them at my son, Edward's. My wife, Harriet, and her two youngest children had gone up to her Mother's. They came back.

Monday the 7. At the Woodruff farm. Cleared out my gun. President Woodruff and I greased his heavy harness. We had our overalls and jumpers on. J.H.W. came while we were greasing the harness. He had to laugh to see the President of the Quorum of the Twelve and virtually the President of the Church greasing harness. He said he looked like a miner. We took out one stall out of the cow stable and moved the other into the middle of the stable. At night I got the team and went to the tithe office and got some oats. Went to the President's office, then went to the City Hall and found out by Bro John H. Sharp that Marshall Dyer had been appointed the receiver. Saw D.R. He gave me a letter from Levi Naylor dated Oct the 19th, also one from his mother dated Nov. the 6th. I left our buggy at the City Hall and took the City buggy, then went to the Woodruff farm and told the President who was appointed the receiver.

Tuesday the 8. At the Woodruff farm. The President coughed most all night and got up at one o'clock and sat up in a chair. I got up at 2 o'clock a.m. and fed the team. The folks got up a little after 3 o'clock and got breakfast. At half past 4 o'clock, J.H.W. came. President Woodruff and wife, J.H.W. and I started out at 5 o'clock to go to Bro Maden's to hunt ducks. We got there at 11 o'clock. Marshal Solomon and Sherrif Burt got there ahead of us and they were out hunting when we arrived. After dinner, Joseph Maden and I got a bait and went down the Provo River onto the Utah Lake, then from the lake up into the sloughs and ponds and watched for the ducks to come into the ponds. I shot 12 times and killed 2 shite pokes and 3 ducks that I got. Joseph shot 21 times and got 2 ducks. It was then so dark we could not see to shoot, so

They were pretty fish. They put them in a larger pond. In the afternoon we all went to the ponds to shoot ducks. The President, Solomon, Madsen, Burt, C.H.W., and myself. I knocked down 4 ducks and only got two. We only had one bait and it got so dark that we lost some of them before the bait came round. We did not get back to the house till 8 o'clock.

We started for our exile home at 5 minutes to 3 o'clock p.m. We got to the Woodruff farm at half past 9 o'clock. C.H.W. stopped and ate supper and walked home.
